## BORN IN BYRON BAY

From humble beginnings something big has grown. With over 35 years experience, **Oil Garden** enjoys success as one of the leading Pure Essential Oil brands in Australia. We believe in the healing properties of nature.

Every bottle of **Oil Garden** essential oil is simply 100% pure and natural. You can rest assured that all of our products are pure uncompromised botanical.

Above all, **Oil Garden** is proudly Australian made and manufactured. All our oils are tested and bottled here in Victoria. We are experts and pioneers in aromatherapy with over 35 years experience.

# Our Range

---

**Oil Garden** offers an extensive selection of 100% Pure Essential Oils, Pure Essential Oil Blends, Body Care and Aromatherapy Accessories, designed to help you harness the true properties of nature.

We sustainably source the purest oils from the best growing conditions around the world, delivering genuine value without compromising on quality.

Inspired by nature, all of **Oil Garden's** oils are plant based with no harsh chemicals, parabens or synthetic fragrances.

We strive to deliver the healing properties of nature through the power of Pure Essential Oils. We focus on purity, quality and value for you.

MOTHER NATURE HAS THE SOLUTION, WE BOTTLE IT.

# Pure Essential Oils

Essential oils are the “life force” of the plant and once extracted can improve general health and wellbeing.

Naturally occurring from aromatic plants, pure essential oils occur in the flowers, leaves, woods, gums, seeds, roots, grasses and fruit rind.

**Oil Garden** offers over 45 single note 100% pure essential oils, all with their own characteristics that can

assist in the relief of a wide range of minor ailments. These include headaches, muscular aches, pains and sleeplessness. The Pure Essential Oils benefits range from energising, uplifting and renewing to sedating, calming and relaxing.

AVAILABLE IN 12ML AND 25ML.

# Mindful Scents

---

Enliven the spirit with our invigorating range 100% Pure Essential Oils expertly blended to scent your home and uplift the mind and body, instill balance and serenity and release tension and anxiety.

Simply add 6-9 drops to the water in your diffuser and experience all that essential oils and mother nature have to offer.

# Massage Oils

---

Pure Essential Oils are highly concentrated. If using topically, it is very important to follow label instructions. If dilution is required, we recommend 6 drops of Pure Essential Oils into a carrier oil such as Jojoba Oil, Sweet Almond oil, or Avocado Oil.

**Oil Garden** provides only the best of what nature has to offer, which is why our Body Carrier Oils are cold pressed and produced without chemicals or heat. This ensures the optimum concentration from all the natural nutrients found in the original source.

# Method of Use

---

There are so many ways to incorporate Pure Essential Oils into your life.

Vaporising/Diffusing is the most common method and one of the most powerful ways to experience the effects of Pure Essential Oils.

**Oil Garden** range only the best of the aromatherapy machinery. The state-of-the-art Ultrasonic technology used in our 3-in-1 Ultrasonic Diffuser provides safe, silent and subtle ultrasonic vibrations to break apart essential oils and water, sending them into the air in a cool mist to maximize wellness.

# Personal Care

Our Personal Care range is truly natural and sustainable, from the bottle to the content. Each product is powered by essential oils and packed with naturally derived ingredients.

The range consists of hand washes, body washes, body lotions and body scrubs with three different essential oil blends to choose from.

The packaging is made from rPET, which is 100% consumer recycled pet plastic. The packaging can then be recycled again once finished.

GOOD FOR YOU, GOOD FOR THE PLANET.
